Exhibit - Attendance Boundary Line Between Districts 84.5 and 85.5

Clarification about specific residences on the “Indian Boundary Line” between Rhodes Elementary School District 84.5 and River Grove Elementary School District 85.5 was provided by the Cook County Assessors Office in July 2003. In order to apply a consistent standard to determine the District to which children will attend, the lots upon which each of the thirty (30) residences are based were analyzed according to the amount of property tax dollars collected for each District. In all cases, the School District where the majority of property tax dollars were assigned is the District where residency assignment prevails.

The list of properties and addresses that reside on both sides of the “Indian Boundary Line” and the assigned School District is included below. This Board policy has been reviewed and approved by the Boards of Education of Rhodes District 84.5 and River Grove District 85.5.
